## Professional Summary

Caleb Obene is a passionate and result-driven **Business Analyst** and **Full-Stack Developer** from Edo State, Nigeria. With a foundation in Business Administration and technical training from Moat Academy, he blends analytical thinking with practical development expertise to deliver impactful digital products.

He is the **founder of Drey Builders**, a digital solutions agency launched in 2024, which specializes in web design, SEO optimization, email marketing, and graphic design. Caleb is committed to continuous learning, client satisfaction, and collaborative problem-solving.

Outside of work, he is passionate about football, music, and learning new tech skills.

---
